## Benefits and Features:

- ◆ *Specifically formulated.*
- ◆ *Protects printed graphics from scratching and releases cleanly after installation.*
- ◆ *Extra-thick premium paper tape for handling large-format graphics.*
- ◆ *Makes handling large graphics more manageable.*

## DigiWrap Plus™ with LFA Paper Application Tapes

Main Tape's **DigiWrap Plus™** paper application tapes take the hassle and mess out of using transfer tapes. **DigiWrap Plus™** tapes tear cleanly with no stringy legging adhesive. What's more, the improved adhesive system is extremely forgiving. If adhesive touches adhesive, **DigiWrap Plus™** tape pulls apart easily with no adhesive transfer.

**DigiWrap Plus™** tapes also offer superior performance in wet applications, with no gluey mess and no time-consuming cleanup. Cleanly slit edges with no glue balls provide easy unwind.

**Main Tape™** manufactures a full line of products specifically developed for positioning and protecting graphics. We are committed to our products and will train your staff on the features, benefits, trends and product applications. The results are nothing short of perfection.
